## Mission Statement

The mission of the Dennison Community Support Fund (“DCSF”) is to provide financial support to Dennison Elementary School, its programs and its students, in order to further Dennison’s mission of providing a rigorous academic education that prepares all Dennison students for a successful future. DCSF will operate in collaboration with the Dennison community, including parent groups and committees, teachers, administration and students, in determining the specific scope and focus of its efforts. DCSF will strive to distribute money raised through fundraising activities and donations to benefit current Dennison students as well as anticipating future needs of the school.
